OBJECTIVE

Performance-driven Full Stack Developer with extensive experience building scalable mobile and web applications using the MERN stack, React Native, and Flutter. Proven track record of designing robust cloud infrastructures on AWS, leading end-to-end product architecture from conception to launch, and scaling systems seamlessly.

EDUCATION

BTech in Information Technology,
JSPM's Rajarshi Shahu College of Engineering, Pune

Aug 2025
CGPA: 8.5

SKILLS

Languages & Frameworks:	JavaScript, TypeScript, Node.js, Express.js, React.js, React Native, Flutter
Databases & Caching:	MongoDB, SQL, PostgreSQL
Cloud & DevOps:	AWS (EC2, ECS, ALB, CodePipeline), Docker, GitHub Actions, CI/CD
Tools & Architecture:	Git, GitHub, RESTful APIs, Microservices, System Architecture

EXPERIENCE

Full Stack Developer
Techwave Ventures

Nov 2024 – Present
Pune, India

- Led the technical strategy, system architecture, and end-to-end full-stack development of **Connektx**, a professional networking platform connecting students, professionals, and startups.
- Engineered cross-platform mobile experiences using React Native and structured high-performance REST APIs using Node.js, Express, and MongoDB.
- Built and scaled high-availability cloud infrastructure on AWS utilizing ECS Fargate, Application Load Balancers, and EC2 instances to handle a large volume of concurrent users.
- Set up automated CI/CD deployment pipelines using GitHub Actions and AWS CodePipeline to optimize version control and accelerate feature shipping.

Full Stack Engineer
Pune, India

Mar 2024 – Oct 2024

- Architected and co-developed **CampusSathi**, a mobile-responsive platform designed to assist high school graduates navigating college admissions and career path selections.
- Implemented robust Search Engine Optimization (SEO) strategies and page loading optimizations, driving over **800+ monthly organic clicks** from Google Search.
- Built an intuitive, user-friendly frontend interface ensuring smooth navigation and an accessible counseling workflow for incoming students.
- Designed and integrated relational/non-relational database schemas to efficiently store, organize, and retrieve academic and institute tracking data.

EXTRA-CURRICULAR ACTIVITIES

- Provide strategic career counseling to students and advise early-stage entrepreneurs on business registration, legal compliance.
- Co-led cross-functional campus teams of 25+ members to manage operations, budgeting, and technical setups for 200+ attendees across flagship tech events like GDSC Tech I/O and E-Summit.
